

A large offshore supply vessel, likely a derrick barge, is shown at sea. The vessel has a prominent white derrick structure with multiple levels of platforms and ladders. The hull is red. The name 'MRC GREGOR' is visible on the side of the derrick. The vessel is surrounded by other smaller vessels in the distance. The sky is overcast and the water is dark. The text 'NO DATA' is overlaid in large white letters across the center of the image.

**NO DATA**
